

How do I calculate the value from drop down list from community edition???

Hi Everyone,

How do i get the sum value of 2 drop down list and populate in onto "sum" fields? I am using community edition.

I have tried using this code but still dont work. Can anyone help?

```
<script type="text/javascript">

function compute() {

    var a = parseInt($('#input[name=amount1]').val());

    var b = parseInt($('#input[name=amount2]').val());

    var total = a+b;

    $('#sum').val(a+b);

}

</script>
```

```
<script type="text/javascript">

function compute() {

    var a = parseInt($('#input[name=amount1]').val());

    var b = parseInt($('#input[name=amount2]').val());

    var total = a+b;

    $('#sum').val(a+b);

}

</script>
```
