

How to Activate Your Joget Workflow Enterprise License?

This article will describe the steps to activate your Joget Workflow Enterprise License.

1. The first step is to get your "System Key". Login to the Joget Workflow Web Console as "admin". Scroll down to the bottom until you see "License: Joget Workflow v3 Enterprise". Click on the link to bring up a pop-up window. Please refer to the following screen shot to get the system key. The system key is a unique key that is different for every Joget Workflow installation.

IMPORTANT: You need to take note that the system key may change if the network interface changes, which will then require license reactivation.

2. In the pop-up window, look for the "System key". What you will need is the alphanumeric string, something like this "c55febb76336c13376c269

7528090674". Copy the system key into your clipboard. Ensure that you only copied the string of alphanumeric text, no pre or trailing "spaces". See the following screen shot.

The screenshot shows the 'License' form in the Joget Workflow v3 Enterprise interface. The 'System Key' field is highlighted with a red box and contains the alphanumeric string 'c55febb76336c13376c2697528090674'. A red arrow points to this field with the text 'You need this system key to generate an activation license.' The form also includes fields for 'Admin Username', 'Admin Password', and a 'License' text area, along with a 'Submit' button.

3. Next, open your web browser, navigate to our [License Activation site here](#). Select the "Request for Enterprise License" link from the menu to access the license request form. Refer to the following screen shot.

The screenshot shows the 'Joget Workflow v3 Enterprise License App' page. The 'Request for Enterprise License' link in the left-hand menu is circled in red. A red arrow points to this link with the text 'Click here to access the form to generate the activation license.' The main content area features a large blue banner with the text 'Welcome to the Joget Workflow v3 Enterprise License App' and a 'Request Now' button.

5. After you have submitted your "Request for Enterprise License" form, if **approved** (usually not more than a 24 hours), you will receive an email with the "License" key. See the following screen shot for a sample email. Now you are ready to activate your system.

View screen shot

6. Now go back to your Joget Workflow Web Console. Make sure you are login as "admin". Similar to the first step, scroll down to the bottom and click on "License: Joget Workflow v3 Enterprise" to bring up the pop-up license activation window. Next, copy the "License" from your email and paste it here in the form field under "License".

Ensure that you enter your correct admin username and password. Next click on the submit button to activate your Joget Workflow. Please see the following screen shot for reference. The form will close after activation. You will need to **RELOAD** the page to check if the license activation has been successful or not.

View screen shot

7. If everything went as planned, you will see the following screen displayed, showing the activated license with the "Licensed To" and "License Users" info prominently displayed.
