

Date Filter

The screenshot shows a data list with a date filter applied to the 'Incident Date' column. The filter is set to 'Incident Date' and 'Status'. The 'Show' button is visible. The data list contains five rows of incident records.

	Reference No	Status	Incident Date
<input type="checkbox"/>	ID-001000	New	23/02/2013
<input type="checkbox"/>	ID-001001	New	24/02/2012
<input type="checkbox"/>	ID-001002	New	23/02/2013
<input type="checkbox"/>	ID-001003	New	20/02/2013
<input type="checkbox"/>	ID-001004	New	10/01/2013

Figure 1: Date Filter in Datalist

The screenshot shows the 'Configure Date Filter' dialog box. The dialog has a title bar 'Configure Date Filter' and a breadcrumb 'General > Configure Date Filter'. It contains four input fields for configuration:

- Default Value:
- Display Format *:
- Data Format *:
- Date Picker Year Range *:
