

Activate your Joget Workflow Enterprise License

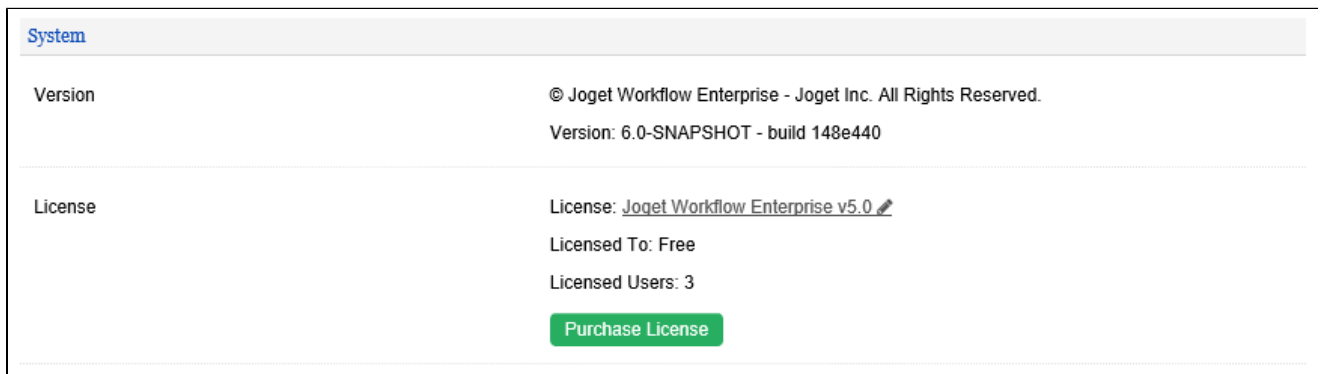

This article will describe the steps to activate your Joget Workflow Enterprise License.

- Instructions
 - 1. Obtaining your System Key
 - 2. Requesting for License Key
 - 3. Applying the license
- Video Tutorials

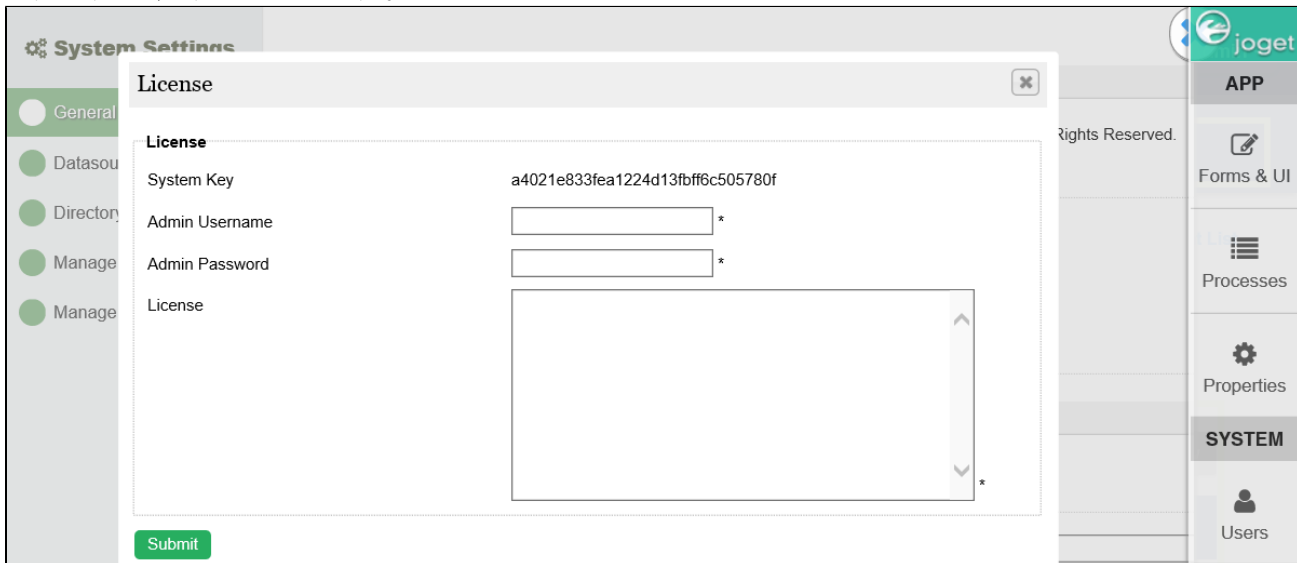

Instructions

1. Obtaining your System Key

- Login to the Joget Workflow App Center as the administrator (default administrator username is "admin").
- From the Admin Bar, click on Settings.

- Click on the license link to bring up a pop-up window.
 - Please refer to the following screenshot to get the system key.
- The system key is a unique key that is different for every Joget Workflow installation.

- What you will need is the alphanumeric string, something like this "a4021e833fea1224d13fbff6c505780f". Copy the system key into your clipboard. Ensure that you only copied the string of alphanumeric text, no pre or trailing "spaces". See the screenshot above.

You need to take note that the system key may change if the network interface changes, which will then require license reactivation.

2. Requesting for License Key

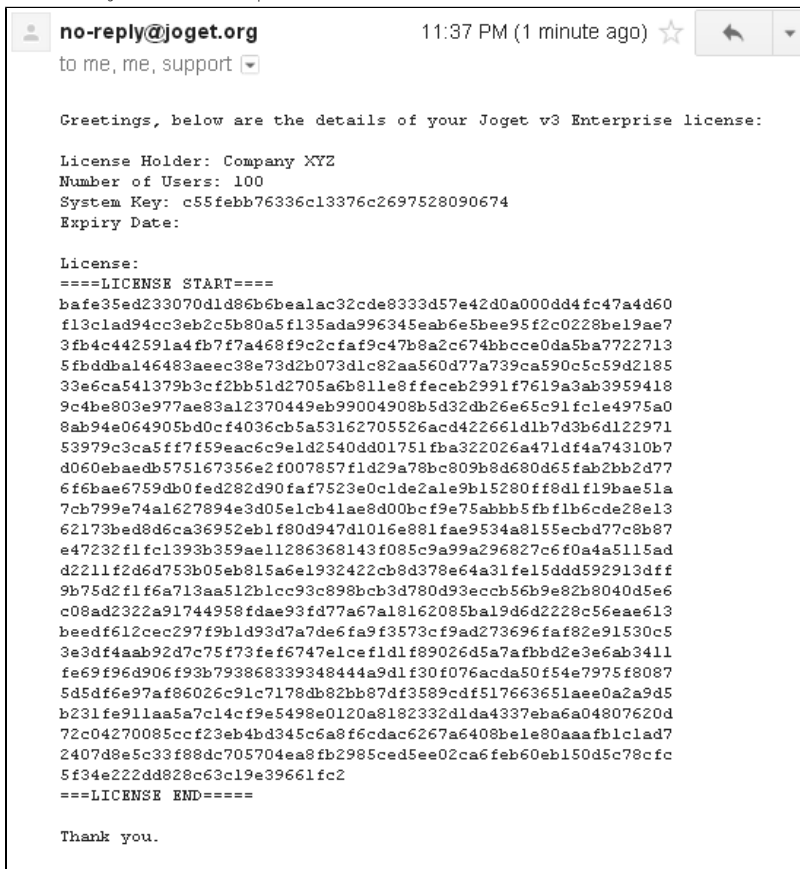

- On your web browser, navigate to our License Activation site here.
- Select Request for Enterprise License from the menu to access the license request form. Refer to the following screenshot.

The screenshot shows the 'Request for Enterprise License' form in the Joget Workflow Enterprise License App. The form is divided into three main sections: License Information, Licensee Details, and Requester Details. The License Information section includes fields for System Key, License Holder / Licensed To, Required Users (set to 5), License Version (v3.x and v5.0), and Desired Expiry Date. The Licensee Details section includes fields for Full Name, Email, and Company / Organization. The Requester Details section includes fields for Requester Name, Requester Email, and Reason / Comments.

- Fill up the form. You will need to paste the System Key alphanumeric string that you have copied earlier.

The screenshot shows the 'Request for Enterprise License' form with the fields filled out. The System Key is 16e126fd0b5e3979c91e519c1aff8d8d. The License Holder / Licensed To is Hugo. The Required Users is 10. The License Version is v5.0. The Desired Expiry Date is 31-07-2016. The Licensee Details section is filled with Full Name: Hugo, Email: hugo@joget.org, and Company / Organization: Joget Inc.

- When you are done, click on the submit button to submit your request.
- After you have submitted your "Request for Enterprise License" form, if **approved** (usually not more than a 24 hours), you will receive an email with the "License" key. See the following screen shot for a sample email.

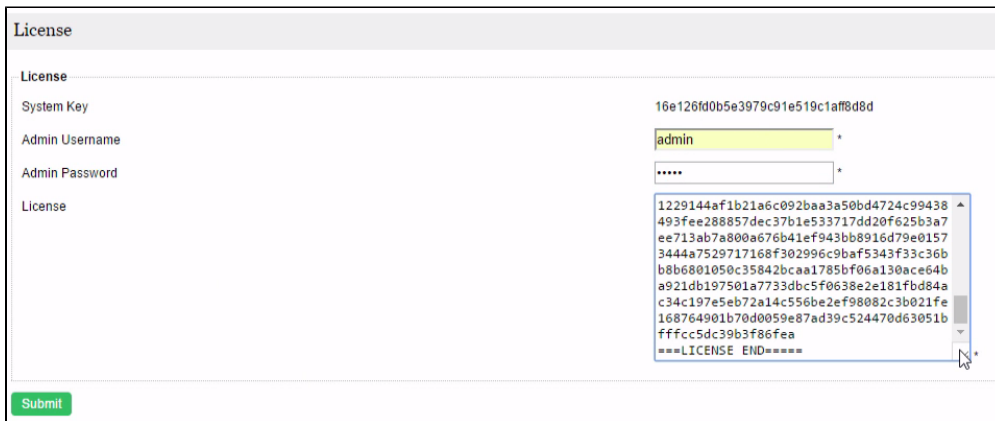

- You are now ready to activate your system.

3. Applying the license

- Make sure you are login as administrator. Similar to the first step, scroll down to the bottom and click on "License: Joget Workflow Enterprise v5" link to bring up the pop-up license activation window.
- Next, copy the "License" from your email and paste it here in the form field under "License".
- Ensure that you enter your correct administrator username and password.
- Next, click on the submit button to activate your Joget Workflow.

Please see the following screen shot for reference.

- The form will close after activation. You will need to BELOW the page to check if the license activation has been successful or not.
- If everything went as planned, you will see the activated license with the "Licensed To" and "License Users" info prominently displayed.
