

Add Message

New app specific messages can be added through this screen.

The screenshot shows the 'Add Message' dialog box overlaid on the 'Design App' interface. The dialog has a title bar 'Add Message' and a 'Message Details' section. It contains three input fields: 'Key' (text input), 'Locale' (dropdown menu with 'en_US' selected), and 'Message' (text area). There are 'Save' and 'Cancel' buttons at the bottom. The background interface shows the 'Design App' for 'HR Expenses Claim App' with a sidebar menu and a top navigation bar with buttons for 'Add Environment Variable', 'Add Message', 'Set Plugin Default Properties', and 'Export'.

Figure 1: Add Message

The screenshot shows the 'Add Message' dialog box with a list of sample messages. The dialog has a title bar 'Add Message' and a 'Message Details' section. It contains three input fields: 'Key' (text input), 'Locale' (dropdown menu with 'en_US' selected), and 'Message' (text area). There are 'Save' and 'Cancel' buttons at the bottom. The background interface shows the 'Design App' for 'HR Expenses Claim App' with a sidebar menu and a top navigation bar with buttons for 'Add Environment Variable', 'Add Message', 'Set Plugin Default Properties', and 'Export'. Below the navigation bar, there are tabs for 'Notes', 'Environment Variable', 'Message', and 'Plugin Default Properties'. A 'Filter By Locale' dropdown and a 'Search' input field are also present. The main content area displays a table of messages.

<input type="checkbox"/>	Key	Locale	Message
<input type="checkbox"/>	hello	en_US	Hello
<input type="checkbox"/>	welcome	en_US	Welcome

Figure 2: Sample Messages added

With the messages added, one can now access them using the [App Message Hash Variable \(Internationalization\) Hash Variable](#).
