

CSV Import Userview Menu

The **CSV Import Tool Menu** enables a user to import bulk data into a specific form's table by retrieving the CSV file from a form field and doing a simple column-to-field mapping.

	A	B	C	D
1	ID	Name	Contact	Email
2	123	Melvin	789-987	a@a.com
3	124	Melissa	567-765	b@b.com
4	125	Michael	456-654	c@c.com
