

File Upload

Definition

File Upload enables you to attach a file to a form.

New Feature

This feature is enhanced in Joget Workflow v6 to support drag and drop file upload.

The screenshot shows the 'HR EXPENSES CLAIM APP' interface. At the top, there is a navigation bar with a home icon and a menu icon. Below the navigation bar, there is a text input field labeled 'TextField' with the placeholder text 'put your name here please'. Underneath, there is a table with columns 'Date', 'Category', 'Purpose', and 'Amount'. A green plus icon is visible below the table. Below the table, there is a section labeled 'Sales' with a table containing columns 'Revenue', 'Expenditure', and 'Total'. The first row of the 'Sales' table has the value '1' in the first column. At the bottom right of the form, there is a label 'Total Amount' followed by '\$ 0.00'. A red box highlights a section labeled 'Receipt' which contains a dashed border area with the text 'Drop files here or click to upload.'. At the bottom of the form, there are three buttons: 'Save As Draft', 'Complete', and 'Cancel'.

Figure 1: Screenshot highlighting File Upload obtained from sample Expenses Claim App

The screenshot shows the 'Edit File Upload' form. The title is 'Edit File Upload' and the breadcrumb is 'Edit File Upload > Advanced Options'. There are two input fields: 'ID *' with the value 'receipt' and 'Label *' with the value 'Receipt'.

Figure 2: File Upload Properties

Name	Description
ID	Element ID (By declaring as "receipt", a corresponding database table column "c_receipt" will be created)
Label	Element Label to be displayed to end user.

Figure 3: File Upload Properties - Advanced Options

Name	Description
Validator	Attach a Validator plugin to validate the input value. <div style="border: 1px solid #ccc; padding: 10px; margin-top: 10px;"> <p> When will validation takes place?</p> <p>Validation will takes place whenever form is submitted except when it is submitted as "Save as Draft".</p> </div>
Maximum File Size (KB)	Maximum File Size (KB) in Integer. For example, if the maximum allowable file size is 10 megabytes, enter into this field the value of "10240" which represent 10,240 kilobytes.
Error Message (File size limit exceeded)	Error Message when file size exceeded.

File Type (.pdf;.doc)	Accepted file type extension(s). (Semicolon separated values) <div style="border: 1px solid #ccc; padding: 5px; margin-top: 10px;"> <p>Example</p> <p>.pdf ; .doc</p> </div>
Error Message (File type mismatch)	Error Message when file type mismatched.
Delete actual file during overwrite or remove?	Actual file will be deleted when file is removed or being overwritten. <div style="border: 1px solid #ccc; padding: 10px; margin-top: 10px;"> <p> New Feature</p> <p>Newly introduced in Joget Workflow v6</p> </div>
Permission	Manage on who is able to access the file uploaded. Read more at Permission Control .
Size	Specifies the width, in characters, of an <input> element.
Allowed multiple files upload?	When checked, multiple files can be uploaded.
Readonly	Determines if one can upload a file.
Drop zone padding	Determine the extra size of padding for larger drop zone. <div style="border: 1px solid #ccc; padding: 10px; margin-top: 10px;"> <p> Example</p> <p>50px</p> </div> <div style="border: 1px solid #ccc; padding: 10px; margin-top: 10px;"> <p> Example</p> <p>5%</p> </div>
Download as Attachment	Determines the download behavior.
