

# File Upload

**File Upload** enables you to attach a file to a form.

The snapshot build of the form shown below is taken from the CRM application found in Joget's installation package.

The screenshot shows a 'Proposal Form' with the following fields and values:

- Reference No:** AUTO (with a 'Drag This Column' instruction above it)
- Account:** Phillip (dropdown menu)
- Title \*:** (empty text input)
- Description:** (empty text area)
- Attachment:** (empty text input with a 'Browse...' button)
- Status:** pending (with a 'HIDDEN FIELD' label to the right)

Figure 1: File Upload

The 'Edit File Upload' dialog shows the following configuration:

- Header:** Edit File Upload > Choose Validator
- ID \*:** attachment
- Label \*:** Attachment
- Size:** (empty text input)
- Readonly:**
- Download as Attachment:**

Figure 2: File Upload Properties

<b>ID</b>	Element ID
<b>Label</b>	Element label
<b>Size</b>	Width of the element
<b>Readonly</b>	Determines if one can upload a file
<b>Download as Attachment</b>	Determines the download behavior

**Choose Validator**

Edit File Upload > **Choose Validator**

Validator	<input type="text"/>
Maximum File Size (kb)	<input type="text"/>
Error Message (File size limit exceeded)	<input type="text" value="File size limit exceeded."/>
File Type (.pdf;.doc)	<input type="text"/>
Error Message (File type mismatch)	<input type="text" value="Invalid file type."/>
