

# Dashboard

<b>Definition</b>
<b>Dashboard</b> menu displays multiple menu items from the selected Userview in a resizable grid layout.
<b>New Feature</b>
This is a new feature in Joget Workflow v6.
<b>Performance</b>
You can configure the <b>Performance</b> settings in this Userview Element to cache existing content for improved performance and loading speed. Read more at <a href="#">Performance Improvement with Userview Caching</a> .

# Expenses Claims Dashboard
