

# Activate your Joget Workflow Enterprise License

This article will describe the steps to activate your Joget Workflow Enterprise License.

- Instructions
  - 1. Obtaining your System Key
  - 2. Requesting for License Key
  - 3. Applying the license
- Video Tutorials

## Instructions

### 1. Obtaining your System Key

- Login to the Joget Workflow App Center as the administrator (default administrator username is "admin").
- From the Admin Bar, click on **Settings**.

- Click on the license link to bring up a pop-up window.
- Please refer to the following screenshot to get the system key.

The system key is a unique key that is different for every Joget Workflow installation.

- What you will need is the alphanumeric string, something like this "a4021e833fea1224d13fbff6c505780f". Copy the system key into your clipboard. Ensure that you only copied the string of alphanumeric text, no pre or trailing "spaces". See the screenshot above.

 You need to take note that the system key may change if the network interface changes, which will then require license reactivation.

### 2. Requesting for License Key

- On your web browser, navigate to our [License Activation site here](#).

- Select **Request for Enterprise License** from the menu to access the license request form. Refer to the following screenshot.

The screenshot shows the 'Request for Enterprise License' form in the Joget Workflow Enterprise License App. The form is divided into several sections: License Information, Licensee Details, and Requester Details. The License Information section includes fields for System Key, License Holder / Licensed To, Required Users, License Version, and Desired Expiry Date. The Licensee Details section includes fields for Full Name, Email, and Company / Organization. The Requester Details section includes fields for Requester Name, Requester Email, and Reason / Comments. The form is currently empty, with only the 'Request for Enterprise License' menu item highlighted in the left sidebar.

- Fill up the form. You will need to paste the **System Key** alphanumeric string that you have copied earlier.

The screenshot shows the 'Request for Enterprise License' form with the following fields filled out:

- System Key \***: 16e126fd0b5e3979c91e519c1aff8d8d
- License Holder / Licensed To \***: Hugo
- Required Users \***: 10
- License Version \***: v5.0 (selected)
- Desired Expiry Date**: 31-07-2016
- Licensee Details** section:
  - Full Name \***: Hugo
  - Email \***: hugo@joget.org
  - Company / Organization \***: Joget Inc

- When you are done, click on the submit button to submit your request.
- After you have submitted your "Request for Enterprise License" form, if **approved** (usually not more than a 24 hours), you will receive an email with the "License" key. See the following screen shot for a sample email.

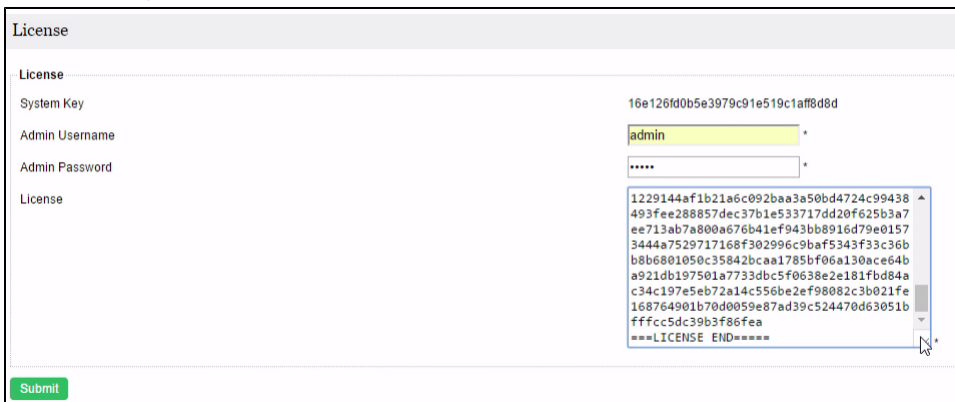

- You are now ready to activate your system.

### 3. Applying the license

- Make sure you are login as administrator. Similar to the first step, scroll down to the bottom and click on "License: Joget Workflow Enterprise v5" link to bring up the pop-up license activation window.
- Next, copy the "License" from your email and paste it here in the form field under "License".
- Ensure that you enter your correct administrator username and password.
- Next, click on the submit button to activate your Joget Workflow.

Please see the following screen shot for reference.

- The form will close after activation. You will need to **RELOAD** the page to check if the license activation has been successful or not.
- If everything went as planned, you will see the activated license with the "Licensed To" and "License Users" info prominently displayed.
