- Click on the link to bring up a pop-up window.
 - Please refer to the following screenshot to get the system key.
- The system key is a unique key that is different for every Joget Workflow installation.

- What you will need is the alphanumeric string, something like this "16e126fd0b6336c13376c2528090674". Copy the system key into your clipboard. Ensure that you only copied the string of alphanumeric text, no pre or trailing "spaces". See the screenshot above.
