

Managing Users

Definition

Joget allows the setup of one or more **Organizations** which contain **Departments**, **Grades**, and reporting structure.

Groups are also available as an informal grouping or categories of users.

- 1. In the **Admin Bar**, click on **Users**.
- 2. There are menu options on the left : **Setup Organizations**, **Setup Groups** and **Setup Users**.

- 3. To assign permission to users to build and edit apps, assign the users the "Role(s) = admin" in **Setup Users**.
- 4. Integration to external directory systems such as LDAP or Active Directory is also available via plugins. This can be configured by selecting **Directory Manager Settings** after clicking on the **Settings** button in the Admin Bar.
