Users

✓ Before you begin creating apps and designing workflow processes, it is ideal to setup the organization chart first.

Setup Users

Create New User

Filter By Organization [dropdown]

Search [   ]

	USERNAME	FIRST NAME	LAST NAME	EMAIL	STATUS	
☐	admin	Admin	Admin		Active	
☐	cat	Cat	Grant		Active	
☐	clark	Clark	Kent		Active

Figure 1: Users – Setup Users

In the default view shown above, you will be able to list and manage all the users.

ⓘ The **Setup Users** module would still continue to work even when you are using external directory manager such as LDAP. When using such external directory manager, you can only gain read-only view.

Figure 2: Users - Setup Users - Viewing a User

To assign permission to users to build and edit apps, assign the users the "Role(s) = **admin**" in **Users**.

In Joget DX, to grant users of any role the privilege to modify the design of specific app(s), you can also use the Delegate App Designer Role feature.
