

Calculate Date Range

Objective:

To calculate the duration between 2 given dates

Screenshot:

Service

fromDatepicker

06/08/2012

toDatepicker

06/22/2012

days

14

Code:

```
$('#input[name="fromDatepicker"], input[name="toDatepicker"]').change( function(){
    d1 = $('#input[name="fromDatepicker"]').datepicker('getDate');
    d2 = $('#input[name="toDatepicker"]').datepicker('getDate');
    diff = 0;
    if (d1 && d2) {
        diff = Math.floor((d2.getTime() - d1.getTime()) / 86400000); // ms per day
    }
    $('#input[name=days]').val(diff);
});
```
