

# Google Drive Storage Integration

Take note that this feature is only available to customers using **Joget Workflow On Demand** currently.  
There are 2 ways for getting Google Drive integration to your copy of Joget Workflow.

## Joget Workflow through Google Apps Marketplace

There is no configurations whatsoever needed to tie your Joget Workflow to your company's Google Apps account as you are signing up through Google Apps Marketplace itself.

1. Sign up for new [Joget Workflow app from Google Apps Marketplace](#).
2. Once your Joget Workflow account is created, you are now ready to add [Google Drive File Upload](#) into your Joget Workflow form.

## Joget Workflow without going through Google Apps Marketplace

1. Please see [Google API Configuration](#).
2. Once you have performed the step above, you are now ready to add [Google Drive File Upload](#) into your Joget Workflow form.

## Uploading files to Google Drive

**Google Drive File Upload** enables you to attach a file to a form and stores to a Google Drive account.

The screenshot displays the Joget Workflow Form Builder interface for an "HR EXPENSE CLAIM FORM (V1)". The interface includes a sidebar with various form components, a top navigation bar with tabs for Design Form, Properties, Preview, and Save, and a main workspace for building the form.

In the sidebar, the "Google" category is expanded, and the "Google Drive File" component is highlighted with a red box. The main workspace shows the form layout, which includes sections for "Expense Claim Details", "Expenses Item(s)", and a "Receipt" section. The "Google Drive File" component is added to the form, and its configuration is shown in a red-bordered box at the bottom right, indicating it is set to upload files to Google Drive.

**Expense Claim Details**

Ref	AUTO
Title *	<input type="text"/>
Submitted By	Admin Admin

Note: The title should appear in this format, example, Jan 06

**Expenses Item(s)**

Date	Category	Purpose	Amount
+ <input type="text"/>			

**Receipt**

Attachment	Choose File	No file chosen	Google
