Text Field

Text Field is one of the generic HTML Form input elements.

The snapshot build of the form shown below is taken from the CRM application found in Joget's installation package.

Figure 1: Text Field

Figure 2: Text Field Properties

ID	Element ID
Label	Element Label
Value	Default Value
Max Length	Maximum character length allowed
Size	Width of the element
Readonly	Determines if the element is editable

Display field as Label when readonly?	Displays the value of the element as plain text when element is set to "Readonly".

One may extend the capabilities of this element by adding a validator as well as mapping its value to a workflow variable.

Read more about Validators and Workflow Variables.
